

Professional Mentoring Program

The ESU recently launched a professional mentoring program for immigrant job seekers. The 12-week program matches new immigrants with experienced U.S. professionals from a range of industries.

The program aims to help new immigrants:

- Navigate the job market and find economic success
- Expand professional networks
- Develop knowledge of U.S. business culture
- Overcome barriers to success
- Find meaningful professional jobs

We are looking for partners in the business community to collaborate with us on this new initiative.

How you can help:

- Participate in a career panel
- Organize a visit to your workplace
- Conduct an informational interview with a job seeker
- Become a mentor
- Introduce our organization to potential corporate partners

Who we are

The English-Speaking Union (ESU) is a 100-year-old national membership organization. Its mission is to promote global understanding and goodwill through educational and cultural opportunities for educators, students and English language learners.

The ESU Andrew Romay New Immigrant Center (ARNIC) is a free program that equips immigrants, refugees and asylum-seekers with the language skills, cultural knowledge and confidence to find personal and professional success in the U.S.

ARNIC is made possible by major grants from the Andrew and Marietta Romay Foundation and Mother Cabrini Health Foundation. The ESU also gratefully acknowledges the foundations, corporations and individuals who have made gifts to the program.

You can read more about the ESU at www.esuus.org.
